Dear Sirs,

IMAGE MARINE HULL NO. 243 CERTIFICATION

The High Speed Craft Code 2000 is not yet implemented in the Norwegian rules and regulations. For this reason the Norwegian Maritime Directorate can not issue a National Certificate. We will, however, eventually issue a certificate according to the High Speed Craft Code 1994, and in the certificate include a verification that the vessel is built according to the HSC Code 2000.

Yours faithfully,

Arild Sætre by authority
Assistant Director

Ingerid B. Bjercke
Senior Principal Surveyor
